

Hsiang-Chen (Jen) Yeh

Baltimore, Maryland | hyeh10@jh.edu | Portfolio

RESEARCH INTERESTS

Computational mental health · Speech & NLP · Multimodal learning · Psycholinguistics

I use speech, NLP, and multimodal methods to study emotion, meaning-making, and mental health, with an emphasis on psychologically meaningful and reliable signals.

EDUCATION

Johns Hopkins University

Aug 2024 - Present

M.S., Clinical Mental Health Counseling

GPA: 3.98/4.0

University of Colorado Boulder

Aug 2024 - May 2026

M.S., Computer Science

GPA: 3.93/4.0

Fu Jen Catholic University

Sep 2020 - Jun 2024

B.A., Applied Arts

GPA: 4.0/4.0; rank 1/62

Former double major: Clinical Psychology (B.S. program), College of Medicine.

PUBLICATIONS AND MANUSCRIPTS

Peer-Reviewed Articles, Conference Papers and Posters

- **Hsiang-Chen Yeh**, Xiutian Zhao, Aurosweta Mahapatra, Shreeram Suresh Chandra, Ryan L. Boyd, and Berrak Sisman. “Disentangling the Interpretive and Predictive Roles of LIWC: Controlled Substitution in Depression-Related Classification.” *EMNLP 2026, Main Conference*. *Accepted*.
- **Hsiang-Chen Yeh**, Luqi Sun, Aurosweta Mahapatra, Shreeram Suresh Chandra, Emily Mower Provost, and Berrak Sisman. “Who is Speaking or Who is Depressed? A Controlled Study of Speaker Leakage in Speech-Based Depression Detection.” *Interspeech 2026*. *Accepted*.
- **Hsiang-Chen Yeh**, Siqi Liu, and Tamar Rodney. “Scam-Based Human Trafficking Through a Trauma-Informed and Intersectional Lens: An Integrative Narrative Review.” *Trauma, Violence, & Abuse*. *Accepted, 2026*.
- Yueh-Che Hsieh, **Hsiang-Chen Yeh**, Chou-Ying Chen, and Chien Huang. “Cognitive Load and the Linguistic Features of Prosocial Lying.” *Peer-reviewed poster, Annual Conference of the Taiwan Association of Clinical Psychology, 2023*.

Under Review

- Yancheng Cao, Jingyi Chen, **Hsiang-Chen Yeh** (co-second author), Ruonan Fan, Anlan Wang, and Jiangtao Gong. “Melody2Memory: Creating AIGC-Powered Music Video Recall of Autobiographical Memories.” *Under review at CHI 2027*.

In Preparation

Author order is provisional.

- **Hsiang-Chen Yeh** and H. Andrew Schwartz. “Preserving Acoustic and Semantic Information in General-Purpose Speech Representations.” *In preparation for ACL 2027*.
- **Hsiang-Chen Yeh**, Aurosweta Mahapatra, Ryan L. Boyd, and Berrak Sisman. “Is Word-Level Prosody Reliable for Computational Psychology? Evidence from Emotional Speech.” *In preparation for ICASSP 2027*.
- **Hsiang-Chen Yeh**, Adam K. Fetterman, and Ryan L. Boyd. “Attribution in the Wild: A Large-Scale Computational Analysis of Everyday Causal Explanation.” *In preparation for submission to Communications Psychology*.
- **Hsiang-Chen Yeh**, Ryan L. Boyd, Philip Resnik, Allison Lahnala, and Vasudha Varadarajan. “Making Sense of Borderline Personality Disorder Across the Life Course: A Computational Analysis of Personal Narratives.” *In preparation for submission to JMIR Mental Health*.
- Hilde Depauw, **Hsiang-Chen Yeh**, Kristy Theodore, Siqi Liu, Meng-Lin Hsieh, Hsin-Ya Tang, and Norma L. Day-Vines. “An Investigation of the Relationship Between Mental Health Providers’ Social Attitudes and Their Self-Reported Broaching Orientation.” *In preparation for Journal of Counseling & Development*.
- Koushik Swarna, Wenxuan Li, **Hsiang-Chen Yeh**, and Zongwei Zhou. “ShapeKit for Label-Free Failure Triage in Complex Organ Segmentation.” *In preparation*.

OTHER SCHOLARLY WORK

- **Hsiang-Chen Yeh** and Chien Huang. “Effects of Moral Disengagement, Deindividuation, and Reduced Self-Control on the Linguistic Features of Hate Speech within Social Media.” *Final research report, competitive NSTC undergraduate research grant.*
- **Hsiang-Chen Yeh**, Julia Patch, and Tamar Rodney. “Linguistic Inquiry as a Tool for Measuring Therapeutic Outcomes: A Literature Review.” *Literature review and conceptual framework for a submitted NIH R21 grant application.*

SELECTED RESEARCH EXPERIENCE

- **Speech and Machine Learning Lab, Johns Hopkins University** Oct 2025 - Present
Research Assistant, Center for Language & Speech Processing | Adviser: Berrak Sisman
- **Human Language Analysis Lab, Vanderbilt University** Jun 2026 - Present
Summer Research Intern; continuing collaborator | Adviser: H. Andrew Schwartz
- **Youth Violence AI Surveillance System** Jan 2026 - Sep 2026
Research Assistant, JHU Bloomberg School of Public Health | Adviser: Ahmed Hassoon
- **Research on Experience and Action with Language Models** Oct 2025 - Present
- **Computational Social Science Lab, Vanderbilt University**
Research Assistant | Adviser: Ryan L. Boyd
- **Computational Cognition, Vision, & Learning Group** Aug 2025 - Dec 2025
Research Assistant, Johns Hopkins University | Advisers: Zongwei Zhou and Alan Yuille
- **Tsinghua University, Institute for AI Industry Research** May 2025 - Oct 2025
Research Assistant, Human-Centered Intelligence Program | Adviser: Jiangtao Gong
- **Wellcheq (Digital Mental Health Platform)** Jan 2025 - Aug 2025
Researcher | Adviser: Jody Miller | Remote, US
Analyzed global mental health trends and authored two trauma-informed, school-based intervention guides.
- **Trauma Intervention Research Team, JHU School of Nursing** Nov 2024 - Nov 2025
Research Assistant | Adviser: Tamar Rodney
- **Forensic Psychology and Language Analysis Lab** Jun 2022 - Jun 2024
Research Assistant, Fu Jen Catholic University, College of Medicine | Adviser: Chien Huang

CLINICAL EXPERIENCE

- **Johns Hopkins Children’s Center** Aug 2026 - May 2027
Clinical Intern (600 hours planned) | Supervisor: Marco Grados, MD, MPH
Child & adolescent psychiatry: ADHD, oppositional defiant disorder (ODD), anxiety, and depression.
- **Johns Hopkins AIDS Psychiatry Service, Bartlett Clinic** Jan 2026 - May 2026
Practicum Trainee (100 hours) | Supervisor: Nicholas P. Schweizer, Ed.D., LCPC
HIV care: major depression, trauma, and substance use disorders.

RESEARCH METHODS & TECHNICAL SKILLS

Computational: Speech/NLP, multimodal learning, corpus analysis; Python, PyTorch, R.

Psychology and Behavioral: Psychometrics, multilevel modeling, experimental/survey design; supervised clinical mental health counseling and trauma-informed care.

Languages: Mandarin (native), English (fluent), Japanese (JLPT N1).

LEADERSHIP, SERVICE & HONORS

NSTC Research Grant for University Students , Taiwan	2023
Ad Hoc Reviewer , Journal of Language and Social Psychology	2026
Valedictorian; six Outstanding Academic Awards , Fu Jen	2020 - 2024
JHU Merit Scholarship (\$26,400 awarded to date)	2024 - Present
Taiwanese Psychological Association , Student Group Convener	Oct 2022 - Oct 2024
Chi Sigma Iota , Student Mental Health & Wellbeing Committee Chair	May 2025 - May 2026
Japan-Taiwan Exchange Association Full Scholarship	2018 - 2019
Finalist , 31st International Times Young Creative Awards	2022
American Counseling Association , Professional Member	Oct 2025 - Present

ARTS & DESIGN

Freak’in Walk — Fashion design exploring pedestrian experiences; exhibited at the Young Designers’ Exhibition, Taipei (May 2024).

Ballet: Selected participant, Professional Ballet Dancer Experience Camp, Taiwan Ballet Company (summer 2022).
