

Hsiang-Chen (Jen) Yeh

Baltimore, MD | hyeh10@jh.edu | GitHub | LinkedIn | Website

RESEARCH INTERESTS

I develop **speech, language, and multimodal AI** methods for **computational mental health**. Informed by clinical training, I aim to build psychologically grounded models that generalize across people and meaningfully support mental health understanding and assessment.

EDUCATION

Johns Hopkins University

M.S., Clinical Mental Health Counseling (GPA: 3.96/4.0)

Baltimore, MD

Aug 2024–May 2027 (expected)

JHU Merit Scholarship: \$26,400 awarded to date.

Pursuing licensure as a Maryland Licensed Clinical Professional Counselor (LCPC).

University of Colorado Boulder

M.S., Computer Science (GPA: 3.93/4.0)

Boulder, CO (online)

Aug 2024–May 2026

Relevant Coursework: Deep Learning for NLP; Introduction to Machine Learning; Approximation Algorithms and Linear Programming; Advanced Data Structures, RSA and Quantum Algorithms.

Fu Jen Catholic University

B.A., Applied Arts (GPA: 4.0/4.0; rank 1/62)

New Taipei City, Taiwan

Sep 2020–Jun 2024

Former double major: Clinical Psychology (B.S. program), College of Medicine.

Valedictorian; six Outstanding Academic Awards.

PUBLICATIONS AND MANUSCRIPTS

PUBLISHED AND PRESENTED

- **H. C. Yeh, X. Zhao, A. Mahapatra, S. S. Chandra, R. L. Boyd, & B. Sisman. Disentangling the Interpretive and Predictive Roles of LIWC: Controlled Substitution in Depression-Related Classification.** *EMNLP 2026 Main Conference*.
- **H. C. Yeh, L. Sun, A. Mahapatra, S. S. Chandra, E. Mower Provost, & B. Sisman. Who is Speaking or Who is Depressed? A Controlled Study of Speaker Leakage in Speech-Based Depression Detection.** *Interspeech 2026*.
- **H. C. Yeh, S. Liu, & T. Rodney. Scam-Based Human Trafficking Through a Trauma-Informed and Intersectional Lens: An Integrative Narrative Review.** *Trauma, Violence, & Abuse (2026, in press)*. doi:10.1177/15248380261487139.
- **H. C. Yeh & C. Huang. Effects of Moral Disengagement, Deindividuation, and Reduced Self-Control on the Linguistic Features of Hate Speech within Social Media.** *National Science and Technology Council final research report (Taiwan, 2023)*.
- **Y. C. Hsieh, H. C. Yeh, C. Y. Chen, & C. Huang. Linguistic Features of Prosocial Lying: A Computerized Text Analysis.** *Taiwan Association of Clinical Psychology Annual Conference (2023), peer-reviewed poster*.

UNDER REVIEW

- **H. C. Yeh, A. Mahapatra, S. S. Chandra, R. L. Boyd, & B. Sisman. Word-Aligned Prosody Reflects Speaker Differences More Than Depression or PTSD Severity.** *Submitted to ICASSP 2027*.
- **Y. Cao, J. Chen, H. C. Yeh (co-second author), R. Fan, A. Wang, & J. Gong. When Memories Become Visible: Externalizing Music-Evoked Autobiographical Memories with Generative AI.** *Under review at CHI 2027*.

MANUSCRIPTS IN PREPARATION

- **H. C. Yeh & H. A. Schwartz. Speech Representation Model for Computational Mental Health.** *Target: ACL 2027*.
- **H. C. Yeh, A. K. Fetterman, & R. L. Boyd. Attribution in the Wild: A Large-Scale Computational Analysis of Everyday Causal Explanation.** *Target: Communications Psychology*.
- **H. C. Yeh, A. Lahnama, & V. Varadarajan. Onset Timing, Diagnostic Delay, and Narrative Language in Adults With Self-Reported Borderline Personality Disorder.** *Target: JMIR Mental Health*.
- **K. Swarna, W. Li, H. C. Yeh, & Z. Zhou. ShapeKit for Label-Free Failure Triage in Complex Organ Segmentation.** *Target: MICCAI*.
- **H. Depauw, N. L. Day-Vines, H. C. Yeh, K. Theodore, S. Liu, M. L. Hsieh, & H. Y. Tang. An Investigation of the Relationship Between Mental Health Providers' Social Attitudes and Their Self-Reported Broaching Orientation.** *Target: Journal of Counseling & Development*.

SELECTED RESEARCH EXPERIENCE

- **Speech and Machine Learning Lab, Johns Hopkins University** Oct 2025–Present
RA; adviser: Berrak Sisman. Built controlled speech-model evaluations for depression and PTSD, examining speaker leakage and measurement reliability.
- **Human Language Analysis Lab, Vanderbilt University** Jun 2026–Present
Summer 2026 research intern; continuing collaborator; adviser: H. Andrew Schwartz. Developing and validating speech representations for PTSD and affective outcomes across clinical corpora.
- **Borderline Personality Disorder Research Collaboration** Jul 2026–Present
First-author manuscript with Vasudha Varadarajan (**Language Technologies Institute at Carnegie Mellon University**) and Allison Lahnala (McMaster University) on onset timing, diagnostic delay, and meaning-making.
- **Youth Violence AI Surveillance System, JHU Bloomberg School of Public Health** Jan 2026–Sep 2026
RA; adviser: Ahmed Hassoon. Built a HIPAA-compliant Azure/LLM pipeline for EHR youth-violence surveillance.
- **Research on Experience and Action with Language Models, Vanderbilt University** Oct 2025–Present
RA; adviser: Ryan L. Boyd. Applied AttributionNet to 125,000+ observations across contexts.

ADDITIONAL RESEARCH APPOINTMENTS

- **Computational Cognition, Vision, & Learning Group, Johns Hopkins University** Aug 2025–Dec 2025
RA; advisers: Zongwei Zhou and Alan Yuille. Built PanTS Viewer for 300+ GB of CT data.
- **Tsinghua University, Institute for AI Industry Research** May 2025–Oct 2025
RA; adviser: Jiangtao Gong. Co-led psychometric evaluation of generative AI for music-evoked memories.
- **WellCheq, Digital Mental Health Platform** Jan 2025–Aug 2025
Researcher (Remote); adviser: Jodi Miller. Authored two trauma-informed school intervention guides.
- **Trauma Intervention Research Team, JHU School of Nursing** Nov 2024–Nov 2025
RA; adviser: Tamar Rodney. Synthesized linguistic markers of therapeutic change for an NIH R21.
- **Forensic Psychology and Language Analysis Lab, Fu Jen Catholic University** Jun 2022–Jun 2024
RA; adviser: Chien Huang. Designed studies and LIWC analyses of hate speech and prosocial lying.

CLINICAL EXPERIENCE

- **Johns Hopkins Child & Adolescent Psychiatry / Pediatric Emergency Department** Aug 2026–May 2027
Clinical Mental Health Counseling Intern (600-hour internship) | Supervisor: Marco Grados, MD, MPH
Family-Based Crisis Intervention (FBCI), suicide risk assessment, and safety planning for youth with ADHD, anxiety, depression, and oppositional defiant disorder.
- **Johns Hopkins AIDS Psychiatry Service, Bartlett Clinic** Jan 2026–May 2026
Practicum Trainee (100-hour practicum) | Supervisor: Nicholas P. Schweizer, EdD, LCPC
Clinical training with clients living with HIV and co-occurring depression, trauma, or substance use disorders.

METHODS & SKILLS

Psychology & Behavioral Methods: Psychological measurement, experimental and survey design, clinical interviewing, suicide risk assessment, and trauma-informed counseling.

Quantitative & Computational Methods: Reliability and construct validation, multilevel and robust regression, equivalence testing, speech/NLP representation learning, multimodal modeling, and participant-level validation.

Software & Tools: Python, R, PyTorch, Hugging Face, scikit-learn, LIWC, Linux/Slurm, Git, Microsoft Azure.

Languages: Mandarin (native), English (fluent), Japanese (JLPT N1).

HONORS & ACTIVITIES

Awards

- **Undergraduate Research Grant**, National Science and Technology Council (Taiwan) 2023
- **Japan–Taiwan Exchange Association Full Scholarship** (JPY 4 million) 2018–2019

Service

- **Ad Hoc Reviewer**, *Journal of Language and Social Psychology* 2026
- **Student Group Convener**, Taiwanese Psychological Association Oct 2022–Oct 2024
- **Student Mental Health & Wellbeing Committee Chair**, Chi Sigma Iota May 2025–May 2026

Arts

- **Finalist**, 31st International Times Young Creative Awards 2022
- **Freak’in Walk**, designer and exhibitor, Young Designers’ Exhibition, Taipei May 2024
- **Selected participant**, Professional Ballet Dancer Experience Camp, Taiwan Ballet Company Summer 2022
